# THE UNITED STATES OF AMERICA

TO ALL TO WHOM THESE PRESENTS SHALL COME:

Pioneer Hi-Bred International, Inc.

Whereas, THERE HAS BEEN PRESENTED TO THE

Secretary of Agriculture

AN APPLICATION REQUESTING A CERTIFICATE OF PROTECTION FOR AN ALLEGED DISTINCT VARIETY OF SEXUALLY REPRODUCED, OR TUBER PROPAGATED PLANT, THE NAME AND DESCRIPTION OF WHICH ARE CONTAINED IN THE APPLICATION AND EXHIBITS, A COPY OF WHICH IS HEREUNTO ANNEXED AND MADE A PART HEREOF, AND THE VARIOUS REQUIREMENTS OF LAW IN SUCH CASES MADE AND PROVIDED HAVE BEEN COMPLIED WITH, AND THE TITLE THERETO IS, FROM THE RECORDS OF THE PLANT VARIETY PROTECTION OFFICE, IN THE APPLICANT(S) INDICATED IN THE SAID COPY, AND WHEREAS, UPON DUE EXAMINATION MADE, THE SAID APPLICANT(S) IS (ARE) ADJUDGED TO BE ENTITLED TO A CERTIFICATE OF PLANT VARIETY PROTECTION UNDER THE LAW.

NOW, THEREFORE, THIS CERTIFICATE OF PLANT VARIETY PROTECTION IS TO GRANT UNTO THE SAID APPLICANT(S) AND THE SUCCESSORS, HEIRS OR ASSIGNS OF THE SAID APPLICANT(S) FOR THE TERM OF TWENTY YEARS FROM THE DATE OF THIS GRANT, SUBJECT TO THE PAYMENT OF THE REQUIRED FEES AND PERIODIC REPLENISHMENT OF VIABLE BASIC SEED OF THE VARIETY IN A PUBLIC REPOSITORY AS PROVIDED BY LAW, THE RIGHT TO EXCLUDE OTHERS FROM SELLING THE VARIETY, OR OFFERING IT FOR SALE, OR REPRODUCING IT, OR IMPORTING IT, OR EXPORTING IT, OR CONDITIONING IT FOR PROPAGATION, OR STOCKING IT FOR ANY OF THE ABOVE PURPOSES, OR USING IT IN PRODUCING A HYBRID OR DIFFERENT VARIETY THEREFROM, TO THE EXTENT PROVIDED BY THE PLANT VARIETY PROTECTION ACT. (84 STAT. 1542, AS AMENDED), 7 U.S.C. 2321 ET SEQ.)

SOYBEAN

'96M60'

In Testimony Whereof, I have hereunto set my hand and caused the seal of the Plant Variety Protection Office to be affixed at the City of Washington, D.C. this twenty-third day of June, in the year two thousand and five.

SCIENCE AND TECHNOLOGY - PLANT VARIETY PROTECTION OFFICE  
**APPLICATION FOR PLANT VARIETY PROTECTION CERTIFICATE**  
(Instructions and information collection burden statement on reverse)

The following statements are made in accordance with the Plant Variety Act of 1974 (7 U.S.C. 552a) and the Preparatory Regulation Act (P-RA) of 1995.  
Application is required in order to determine if a plant variety protection certificate is to be issued (7 U.S.C. 552a). Information is held confidential until certificate is issued (7 U.S.C. 2425).

1. NAME OF OWNER Pioneer Hi-Bred International, Inc.		2. TEMPORARY DESIGNATION OR EXPERIMENTAL NAME XB94C04	3. VARIETY NAME 90M90
4. ADDRESS (Street and No., or R.F.D. No., City, State, and ZIP Code, and Country) 7000 N.W. 52 <sup>nd</sup> Avenue P.O. Box 1000 Johnston, IA 50131		5. TELEPHONE (Include area code) 515-254-2538	FOR OFFICIAL USE ONLY

## INSTRUCTIONS

2005000 88

**GENERAL:** To be effectively filed with the Plant Variety Protection Office (PVPO), ALL of the following items must be received in the PVPO: (1) Completed application form signed by the owner; (2) completed exhibits A, B, C, E; (3) for a seed reproduced variety at least 2,500 viable untreated seeds, for a hybrid variety at least 2,500 untreated seeds of each line necessary to reproduce the variety, or for tuber reproduced varieties verification that a viable (in the sense that it will reproduce an entire plant) tissue culture will be deposited and maintained in an approved public repository; (4) check drawn on a U.S. bank for \$2,705 (\$320 filing fee and \$2,385 examination fee), payable to "Treasurer of the United States" (See Section 97.6 of the Regulations and Rules of Practice). Partial applications will be held in the PVPO for not more than 90 days, then returned to the applicant as unfilled. Mail application and other requirements to Plant Variety Protection Office, AMS, USDA, Room 500, NAL Building, 10301 Baltimore Avenue, Beltsville, MD 20705-2351. **Retain one copy for your files.** All items on the face of the application are self explanatory unless noted below. Corrections on the application form and exhibits must be initialed and dated. **DO NOT** use masking materials to make corrections. If a certificate is allowed, you will be requested to send a check payable to "Treasurer of the United States" in the amount of \$320 for issuance of the certificate. Certificates will be issued to owner, not licensee or agent.

Plant Variety Protection Office

Telephone: (301) 504-5518

FAX: (301) 504-5201

Homepage: <http://www.ams.usda.gov/science/pvpo/pvp.htm>

## ITEM

- 18a. Give: (1) the genealogy, including public and commercial varieties, lines, or clones used, and the breeding method; (2) the details of subsequent stages of selection and multiplication; (3) evidence of uniformity and stability; and (4) the type and frequency of variants during reproduction and multiplication and state how these variants may be identified.
- 18b. Give a summary of the variety's distinctness. Clearly state how this application variety may be distinguished from all other varieties in the same crop. If the new variety is most similar to one variety or a group of related varieties:
- (1) identify these varieties and state all differences objectively;
  - (2) attach statistical data for characters expressed numerically and demonstrate that these are clear differences; and
  - (3) submit, if helpful, seed and plant specimens or photographs (prints) of seed and plant comparisons which clearly indicate distinctness.
- 18c. Exhibit C forms are available from the PVPO Office for most crops; specify crop kind. Fill in Exhibit C (Objective Description of Variety) form as completely as possible to describe your variety.
- 18d. Optional additional characteristics and/or photographs. Describe any additional characteristics that cannot be accurately conveyed in Exhibit C. Use comparative varieties as is necessary to reveal more accurately the characteristics that are difficult to describe, such as plant habit, plant color, disease resistance, etc.
- 18e. Section 52(5) of the Act requires applicants to furnish a statement of the basis of the applicant's ownership. An Exhibit E form is available from the PVPO.
9. If "Yes" is specified (seed of this variety to be sold by variety name only, as a class of certified seed), the applicant MAY NOT reverse this affirmative decision after the variety has been sold and so labeled, the decision published, or the certificate issued. However, if "No" has been specified, the applicant may change the choice. (See Regulations and Rules of Practice, Section 97.103).
11. See Section 83 of the Act for the Contents and Term of Plant Variety Protection.
12. See Sections 41, 42, and 43 of the Act and Section 97.5 of the regulations for eligibility requirements.
13. See Section 5.5 of the Act for instructions on claiming the benefit of an earlier filing date.

1. CONTINUED FROM FRONT (Please provide a statement as to the limitation and sequence of generations that may be certified.)

2. CONTINUED FROM FRONT (Please provide the date of first sale, disposition, transfer, or use for each country and the circumstances, if the variety including any harvested material) or a hybrid produced from this variety has been sold, disposed of, transferred, or used in the U.S. or other countries.)

3. CONTINUED FROM FRONT (Please give the country, date of filing or issuance, and assigned reference number, if the variety or any component of the variety is protected by intellectual property right (Plant Breeder's Right or Patent).)

5. Patent 4,940,435 issued to Shah et al. as per the Roundup Ready Gene in this variety

**NOTES:** It is the responsibility of the applicant/owner to keep the PVPO informed of any changes of address or change of ownership or assignment or owner's representative during the life of the application/certificate. There is no charge for filing a change of address. The fee for filing a change of ownership or assignment or any modification of owner's name is specified in Section 97.175 of the regulations. (See Section 101 of the Act, and Sections 97.130, 97.131, 97.175(h) of the Regulations and Rules of Practice.)

To avoid conflict with other variety names in use, the applicant must check the variety names proposed by contacting: Seed Branch, AMS, USDA, Room 213, Building 506, Beltsville Agricultural Research Center—East, Beltsville, MD 20705. Telephone: (301) 504-6089.

Pursuant to the Paperwork Reduction Act of 1995, an agency may not conduct or sponsor a collection of information unless it displays a valid OMB control number. The valid OMB control number for this collection of information is 0570-0021. The time required to complete this information collection is estimated to average 1.5 hours per response, including the time for reviewing instructions, searching existing data sources, gathering and maintaining the data needed, and completing and reviewing the collection of information.

U.S. Department of Agriculture (USDA) prohibits discrimination in all its programs and activities on the basis of race, color, national origin, gender, ethnicity, age, disability, political beliefs, sexual orientation, and marital or family status. All prohibited bases apply to all programs. Persons with disabilities who require alternative means for communication of program information (Braille, large print, audiotape, etc.) should contact the USDA TARGET Center at 202-720-6370 and TDD at 202-720-6371. USDA is an equal opportunity provider and employer.

Form 04-01 designed by the Plant Variety Protection Office with WordPerfect 6.0a. Replaces 01-470 (02-89) which is obsolete.

2005000 88

**Exhibit A.** Origin and Breeding History of the Variety**Soybean Variety 96M60**

Variety 96M60 evolved from a cross made in the summer of 1998 in Mississippi with the following parentage:

9631/95B95\*

\*95B95 line with the Roundup Ready (40-3-2) gene

Variety 96M60 is an F3-derived line which was advanced to the F3 generation by modified single-seed descent. The F3:4 increase row of 96M60 was grown in Puerto Rico in the winter of 1999/00. Subsequently, 96M60 has undergone five years of extensive testing and purification and has been observed by the breeder to be uniform and stable for all plant traits from generation to generation, with no evidence of variants. On the basis of yield, resistance to Frogeye leaf spot, and resistance to Roundup branded herbicides, variety 96M60 was assigned a commercial number.

The purification block was grown in 2002 Memphis and 21 sublines were harvested. A two-ten (2/10) acre increase was grown in Argentina in the winter of 2002/03. Nineteen (19) acres of parent seedstock (foundation seed equivalent) were grown in 2003 and approximately 589 acres of seedstock and production seed were grown in the summer of 2004.

Feb. 9. 2005 12:22PM

No. 0221 P. 6

**Exhibit B. Statement of Distinctness****Soybean Variety 96M60**

Variety 96M60 is most similar to Hartz H6686RR. Both varieties have purple flowers, resistance to Frogeye leaf spot and resistance to Roundup branded herbicides. However, 96M60 has gray pubescence and imperfect black hila whereas H6686RR has tawny pubescence and black hila.

Variety 96M60 is also <sup>similar to (cr. 2/4/2005)</sup> ~~distinct from~~ Asgrow AG5801. Both varieties have purple flowers, gray pubescence, imperfect black hila and resistance to Roundup branded herbicides. However, 96M60 is susceptible to Race 3 Soybean cyst nematode and has a relative maturity of 6.6 (mid group VI) whereas AG5801 is resistant to Race 3 Soybean cyst nematode and has a relative maturity of 5.8 (late group V). For 96M60, variety response to cyst nematode races was determined from multiple year (2), replicated bioassay screening in a controlled growth chamber environment with soil media sufficiently infested with nematodes. In all cases, known resistant and susceptible checks are included in bioassay screens for data quality assurance.

**REPRODUCE LOCALLY. Include form number and date on all reproductions.**

Form Approved - OMB No. 0581-0055

According to the Paperwork Reduction Act of 1995, an agency may not conduct or sponsor, and a person is not required to respond to a collection of information unless it displays a valid OMB control number. The valid OMB control number for this collection of information is 0581-0055. The time required to complete this information collection is estimated to average 30 minutes per response, including the time for reviewing instructions, searching existing data sources, gathering and maintaining the data needed, and completing and reviewing the collection of information.

The U.S. Department of Agriculture (USDA) prohibits discrimination in all its programs and activities on the basis of race, color, national origin, gender, religion, age, disability, marital status, sexual orientation, and familial status. (Not all prohibited bases apply to all programs.) Persons with disabilities who require alternative means for communication of program information (Braille, large print, audiocassette, etc.) should contact the USDA TARGET Center at 202-720-2600 (voice and TDD).

To file a complaint of discrimination, write USDA, Director, Office of Civil Rights, Room 3267W, Wilson Building, 14th and Independence Avenue, SW, Washington, DC 20250-7410 or call (202) 720-5964 (voice and TDD). USDA is an equal opportunity provider and employer.

## F. TRANSGENIC COMPOSITION

Did the development of the subject variety include the insertion of genetic material from an organism other than a soybean, or the removal of genetic material from the application variety? ☒ Yes ☐ No

If yes, please complete the following information requests\*. Use additional pages if necessary.

Please state the vector's name:

Please state the vector components:

Please describe the genetic material successfully transferred into the subject variety:

Please describe the insertion protocol:

A literature citation(s) explaining the four information requests above may be an acceptable alternative to completion of the Transgenic Composition" portion of this form. This section is fully addressed in the following publication. Specific details of the vector components and insert elements are summarized in Figure 1 and Table 1 on page 1453. Padgett, S.R. et al. Development, Identification, and Characterization of a Glyphosate-Tolerant Soybean Line. 1995. Crop Science. 35:1451-1461

## G. BIOCHEMICAL MARKERS

Please describe any biochemical information here, which you believe will be helpful in further describing the subject variety (e.g., Simple Sequences Repeats, Restriction Fragment Length Polymorphisms, Isozymic Characterization). Use additional pages if necessary.

H. COMMENTS

2 (07-01) designed by the Plant Variety Protection Office with Word 2000. Replaces ST-470-2 (02-99) which is obsolete.

Page 6 of 6

10

200500088

**Exhibit D. Additional Description of the Variety****Soybean Variety 96M60**

In Exhibit C we have identified variety 96M60 as susceptible to bacterial blight, brown spot, pod and stem blight, rhizoctonia root rot, bud blight, yellow mosaic, cowpea mosaic, pod mottle and seed mottle.

This does not mean that variety 96M60 is any worse for these problems than other varieties of similar maturity. Rather, we do not consider 96M60 to be immune to these problems. Therefore, we have chosen to be conservative and have identified the line as "susceptible".

Variety 96M60 is a mid Group 6 variety. If Group 6 varieties are divided into tenths, the relative maturity of 96M60 is 6.6.

REPRODUCE LOCALLY. Include form number and edition date on all reproductions.

**Please Note:**

Plant variety protection can only be afforded to the owners (not licensees) who meet the following criteria:

1. If the rights to the variety are owned by the original breeder, that person must be a U.S. national, national of a UPOV member country, or national of a country which affords similar protection to nationals of the U.S. for the same genus and species.
2. If the rights to the variety are owned by the company which employed the original breeder(s), the company must be U.S. based, owned by nationals of a UPOV member country, or owned by nationals of a country which affords similar protection to nationals of the U.S. for the same genus and species.
3. If the applicant is an owner who is not the original owner, both the original owner and the applicant must meet one of the above criteria.

The original breeder/owner may be the individual or company who directed the final breeding. See Section 41(a)(2) of the Plant Variety Protection Act for definitions.

According to the Paperwork Reduction Act of 1995, no person is required to respond to a collection of information unless it displays a valid OMB control number. The valid OMB control number for this information collection is 0581-0055. The time required to complete this information collection is estimated to average 15 minutes per response, including the time for reviewing the instructions, searching existing data sources, gathering and maintaining the data needed, and completing and reviewing the collection of information.

The U.S. Department of Agriculture (USDA) prohibits discrimination in its programs on the basis of race, color, national origin, sex, religion, age, disability, political beliefs, and marital or marital status. (Not all prohibited bases apply to all programs). Persons with disabilities who require alternative means for communication of program information (braille, large print, audiotape, etc.) should contact the USDA's TARGET Center at 202-725-2800 (voice and TDD).

To file a complaint with the Secretary of Agriculture, U.S. Department of Agriculture, Washington, D.C. 20250, or call 1-800-245-6340 (voice) or (202) 725-1127 (TDD). USDA is an equal opportunity employer.
